Fabric Design in Italy

## 2025 SPRING/SUMMER

This season, we seamlessly blend classic and fashionable elements,  
infusing new vitality into the suit.

New fabrics options, combined with innovative technology and  
cutting-edge tailoring, highlight the craftsmanship in every detail.

This is not only a dual sensory experience of sight and touch but also a  
perfect reflection of an elegant and confident lifestyle.

Embark on a new journey of custom tailoring today and explore a style  
that is uniquely yours.

## BUSINESS SERIES

" Elite Women's Business Style Collection "

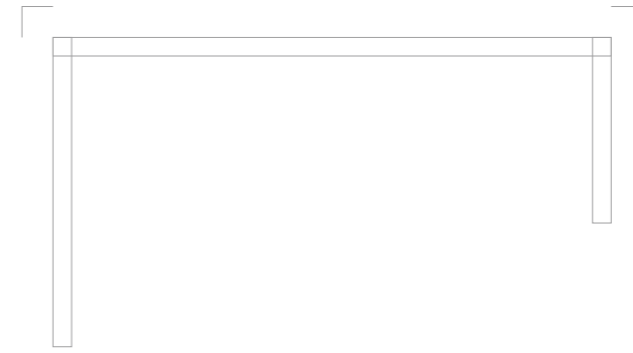

Collection Rooted in minimalist principles and focused on elegant, refined design concepts that evoke a sense of clarity and naturalness. It embodies a style centered around simplicity, elegance, and comfort, with a strong emphasis on color coordination, material selection, minimalist design, accessories as accents, and spatial design. This style is ideal for those who value quality and comfort, offering a natural and graceful aura.

### Knitted Fabric

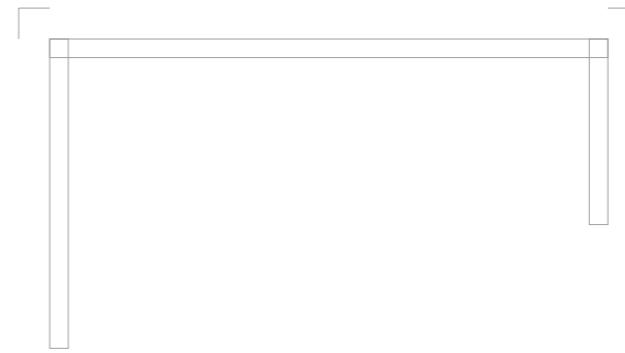

The fabric is made from pure Australian wool, intricately woven with elegant lace textures, soft and smooth, providing a dense and skin-friendly feel. The design is lightweight without lining, reducing the garment's weight and making it more suitable for working. The knitted wool suit offers a firm and compact texture, catering to the high-end knitwear needs of women, combining the structure of a woven wool jacket with the elasticity of knitted fabric. Paired with a matching skirt, it highlights the graceful and intellectual beauty of women.

### **Triacetate Fabric**

The fabric originates from Japan and is made from triacetate fibers, offering a texture similar to real silk. It absorbs moisture and dries quickly. Its unique ribbed design provides a cooling effect, while being soft, smooth, and lightweight. The fabric is resistant to wrinkles and drapes beautifully. The style is simple and pure, with no collar or buttons, and features a rope detail in place of traditional buttons, showcasing a woman's unconventional charm.

## DAILY COMMUTING

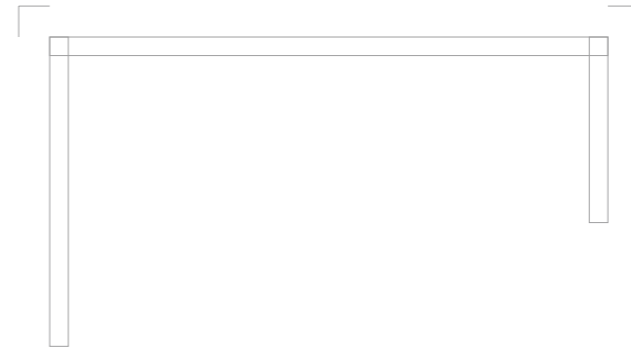

" DAILY COMMUTING Collection "

This collection blends fashion with functionality, centered around a design philosophy that is minimalist yet sophisticated. It emphasizes harmony in color and the tactile quality of materials, featuring premium fabrics such as natural cotton-linen, soft wool, and breathable Polyester for a perfect balance of comfort and structure. This collection not only meets the demands of daily work life but also allows you to maintain composure and confidence in the fast-paced urban lifestyle.

**Blend: Linen Fabric**

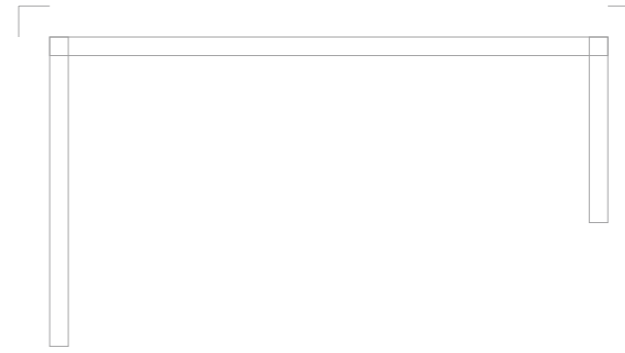

The fabric is carefully crafted with a blend of Polyester for durability, cotton for breathability, linen for a cooling effect, and spandex for elasticity. It is both crisp and soft, making it ideal for quality-conscious, fashionable women. The style features a slightly loose H-line silhouette, with a relaxed fit that is both modern and versatile. This versatile ensemble is suitable for interviews, the workplace, banquets, and other occasions, highlighting the charm and elegance of women.

# FASHIONABLE COMMUTING

" FASHIONABLE COMMUTING "

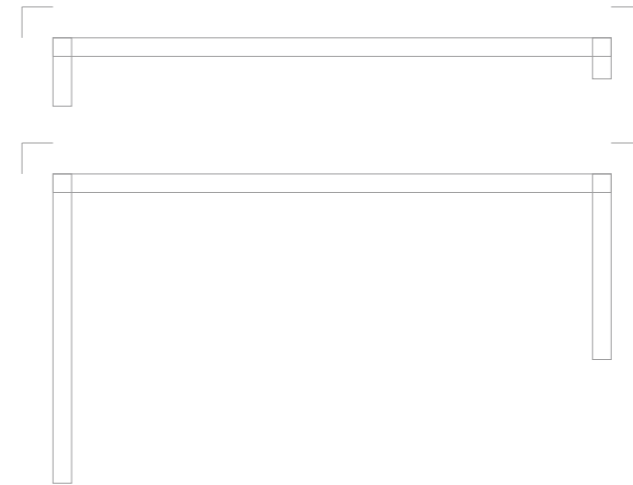

Designed specifically for urban women who seek both individuality and comfort, this collection features carefully selected imported acetate fabric. It is lightweight and breathable, giving the garments a flowing beauty that exudes a sense of luxury. The combination of organza panels adds a dreamlike, ethereal quality, enhancing the garment's unique charm and delicate texture. The fabric blends lustrous shiny yarns with wool, offering a refined and soft texture that is both breathable and elegant. The sophisticated color palette and fine materials convey nobility and grace, making it perfect for business and formal occasions.

### **Japanese Triacetate Blend**

This fashionable double-breasted is crafted from a unique fabric blend that combines texture and comfort. The inclusion of triacetate enhances the breathability and natural sheen of the garment, while the Polyester adds durability and elasticity, making the suit structured and refined .

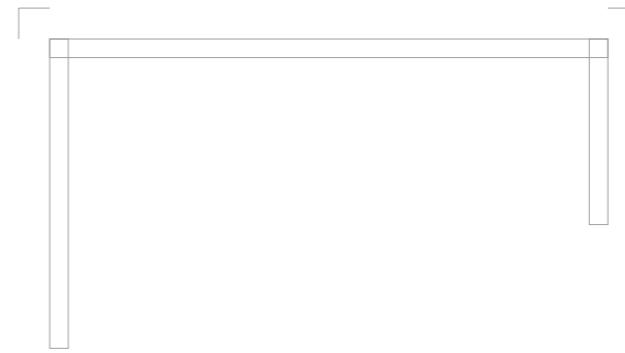

The double-breasted design with a notched collar offers a sharp and elegant look, while the exquisite metal clasp and the horn buttons on the cuffs elevate the overall fashion appeal, showcasing the wearer's taste and style. Paired with white wide-leg trousers, the overall look is sleek and commanding, making it suitable for both formal workplace occasions and daily business commutes, effortlessly highlighting the wearer's competence and charm.

## BUSINESS SERIES

" BUSINESS SHIRT SERIES "

high-end triacetate fiber blend shirt combines breathability, a subtle sheen, and the elasticity of spandex, offering an unparalleled wearing experience and a flattering fit. The fabric is lightweight and drapes elegantly, with a silky smooth texture and strong wrinkle resistance, making it easy to care for.

Not only does it effortlessly create an elegant and professional look, but it also pairs seamlessly with casual trousers, embodying the relaxed and free-spirited vibe of spring. Undoubtedly, this shirt is an essential fashion piece in any woman's wardrobe, showcasing your unique charm and refined taste.
